Tuscany

Private Tour with Vehicle / Private San Gimignano and Chianti full day tour

Discover the beauty of the Tuscan countryside on this delightful journey through the heart of Chianti, combining medieval history, authentic local cuisine, and renowned wines.

Your day begins with a scenic drive through rolling vineyards and picturesque landscapes to San Gimignano, a UNESCO World Heritage Site famous for its iconic medieval towers, built centuries ago by noble families as symbols of wealth and prestige. Enjoy free time to wander through its charming streets, browse local artisan shops, and soak in the unique atmosphere of this timeless hilltop town.

Around lunchtime, continue to a charming family-owned wine estate nestled in the countryside just outside San Gimignano. Surrounded by the breathtaking Tuscan landscape, savor a traditional Tuscan lunch prepared with local ingredients, accompanied by a tasting of estate-produced wines and extra virgin olive oil.

After lunch, travel through the gentle hills of Chianti to a second family-run winery, beautifully set among the vineyards. Founded in 1964, the estate has remained true to its philosophy of producing high-quality wines through dedication, passion, and limited production. Today, the founder's grandchildren continue this legacy, personally caring for the vineyards throughout every stage of the winemaking process, from the first buds of spring to the harvest season.

During your visit, enjoy a guided winery tour followed by a tasting of the estate's wines. Due to the winery's artisanal approach and limited production, the wines presented may vary depending on seasonal availability.

Please note: Any dietary requirements or food allergies must be

communicated at the time of booking.
